

# ZEOLITE -AV<sup>®</sup>

TM

## NATURES ANTI-VIRAL

Patent pending

**ZEOLITE-AV<sup>®</sup>** is a breakthrough formula that contains 2 powerful all-natural ingredients which have been proven to absorb toxins, free radicals, and metals from your body, act as an antiviral, balance the pH in the body and boost the immune system.

\*These statements have not been evaluated by the Food & Drug Administration. These products are not intended to diagnose, treat, cure or prevent

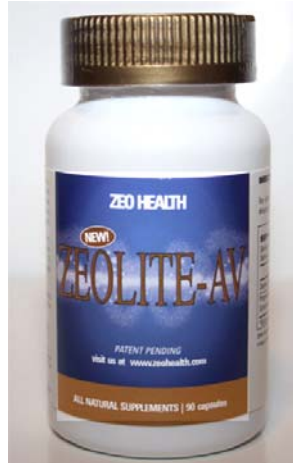

# PRODUCT PROFILE

## Supplement

Serving size Two (2) veggie capsules  
Servings per container 45

Amount Per Serving % Daily		
Zeolite (a natural mineral)	1800mg	*
Proprietary Humic Acid Concentrate	40mg	*

\*Daily value not established

## Directions:

Take 2 veggie capsules twice a day with water

For other instances, take 4 capsules 3 times a day or as directed by your health practitioner

## Ingredients Glossary

**Zeolite:** A natural mineral that has a cage like structure and is negatively charged by nature. The negative charge acts like a magnet to attract toxins and heavy metals into its cage structure and carry them out of the body, boosting the immune system. It also balances the pH in the body which doesn't allow foreign cells to grow. \*

**Humic Acid:** Our Humic ingredient is a proprietary concentrated product not found anywhere else on earth. It is made up of over 22 branch chain amino acids and nutrients that we no longer available in our food due to over farming. This specific Humic Acid has been shown in independent studies to coat and isolate the virus before it can attach to the cell and multiply, thereby allowing our immune cells to find and kill the virus. It is referred to as the "missing link to optimum health" by leading scientists throughout the world.

# PRODUCT PROFILE

## Research Brief

Studies have shown that the natural mineral Zeolite has very beneficial uses to live healthy. The mineral has a honeycomb shape that is optimum for filtering toxins. It is also one of the very few minerals that have been negatively charged by nature. This means that in addition to having an excellent shape for filtering toxins, it actually acts like a magnet to attract them. The following is a study that shows how effective Zeolite- AV is as an antiviral:

This report presents the results of toxicology, cell proliferation, and efficacy testing work carried out on humate and synthetic humate in 2001-2002 by contract laboratories of the Virology Branch of the Antiviral Research and Antimicrobial Chemistry Program (Dr. Christopher Tseng, Program Officer), Division of Microbiology and Infectious Diseases (DMID) Screening and Testing Program for Antiviral, Immunomodulatory, Antitumor and/or Drug Delivery Activities, National Institutes of Allergy and Infectious Diseases (NIAIA), under the auspices of the National Institutes of Health (NIH, Bethesda, Maryland). Samples of humate (HA) and synthetic humates (CA, CGA and HGA) were submitted directly to the contract laboratories for evaluation. Efficacy data are presented for five herpes viruses, three influenza viruses, and two hemorrhagic fever viruses. CA and HGA were found to be effective against HSV-1 and HSV-2, and their efficacy approached that of Acyclovir. CA was somewhat effective against cytomegalovirus, while HGA was equally so against VZV. CA was very highly effective against EBV. It is interesting to note natural humate (HA) had effectiveness in all cases at varying degrees.

# FREQUENTLY ASKED QUESTIONS

## What is Humic Acid?

*Our Humic ingredient is a proprietary concentrated product not found anywhere else on earth. Humic acid is the smallest, most complex, most highly refined naturally occurring water-soluble substance on Earth. Tiny amounts remarkably transform the molecular structure of water, making it intensely more active and penetrating. Humic acid then assists water in its job of dissolving and transporting. It helps carry nutrients into the cell and waste products away from the cell, while also helping to neutralize toxins and invaders. It is a very powerful antiviral.*

## I never heard of Zeolite before, what is it?

*Zeolite is a volcanic mineral which was created when ash and lava from a volcano has a chemical reaction with sea water. The result is a compound with a cage-like structure with a negative charge. The negative charge acts like a magnet to attract positively charged toxins and heavy metals to the Zeolite. These are then trapped in its cage structure and carried out of the body. We use the micronized powder form of Zeolite which is the form shown effective in all of the scientific studies.*

## How safe is Zeolite?

*This form of Zeolite is listed by the FDA as GRAS (generally recognized as safe) and is used in many products that you have probably come in contact with. Zeolite has been shown to be completely nontoxic, even at extremely high dosages. The great thing about using an all-natural and safe product is that it can be taken over and over long term without worry, and only beneficial benefits for your body.\**

## Will Zeolite-AV® conflict with any medications that I may be taking?

*Probably not. It contains all natural minerals. The Zeolite passes through your system collecting the toxins, and is passed naturally without you even noticing. The Humic acid replaces the organic compounds and chelated minerals in the body which are missing in our food supply due to over farming. However, you should always check with a medical professional if you have any concerns about interactions with medications that you are taking.\**

## What does Zeolite-AV® do?

*ZEOLITE-AV® is a breakthrough formula which contains 2 powerful all natural ingredients which have been proven to absorb the toxins, free radicals, and metals from your body, act as an antiviral, balance the pH in the body, and boost the immune system. ZEOLITE-AV® is a one-two punch in the fight for good health. Our Zeolite is mined specifically for human consumption under stringent quality control. This is the form of Zeolite shown effective in all of the scientific studies. Our Humic ingredient is a proprietary concentrated product not found anywhere else on earth. This specific Humic Acid has been shown in independent studies to coat and isolate the virus before it can attach to the cell and multiply thereby allowing our immune cells to find and kill the virus.*
